Single Games

Price: \$49.95 each

Balloons 2

Use your mouse to aim your darts to pop all balloons.

- Bio1- Shoots a Dart.
- Bio2- POINT BONUS
- Bio3- Increase for more Dart Power.

In this game you use darts to shoot balloons. You need to calculate the trajectory of the darts in order to destroy as many balloons as possible. You will gain bonus points if you destroy all the balloons with darts left. Use the mouse to control the direction of the darts. The arrow will show the force used to shoot the darts.

Bubble Bug 3

Capture bugs inside your bubble. Catch a minimum number of bugs to pass the level.

- Bio1- Blows a bubble. Bubble will pop if In1 turns off.
- Bio2- Doubles your points for a bug capture.
- Bio3- Control the size of your bubbles. Better training equals bigger bubbles.

In this game you need to catch the bugs with bubbles. Place your mouse near the bug as it approaches while the bubble inflates to catch the bugs.

BioPLAY Games List

Crazy Taxi / 1

Press left and right arrow keys to steer. Drive fast to beat the timer to your next flag.

- Bio1- Makes your car jump.
- Bio2- Earn 5 more seconds.
- Bio3- Car speed, from stopped to full speed.

Drive the taxi using the maximum possible speed. Press the left and right arrow keys to dodge other cars. This game can be played hands-free.

Fission Balls 2

Shoot the balls to split them and win points. Keep at least one ball in the air at all times. The left and right arrow keys move your ship. Capture symbol balls for special powers.

- Bio1- Shoots bullets.
- Bio2- Triples your splitting power.
- Bio3- Controls your bullet speed.

In this game there will be a ball falling from the top of the screen. You need to shoot it and then it will split. Shoot the split balls again so that they split further. You need to shoot the balls repeatedly so that there is at least one ball in the screen. Occasionally asteroids will appear from the top. You need to move the ship away from the asteroids, otherwise you cannot move for 1 second. Use the left and right arrow keys to move the ship.

Ghost Man Advanced 2

Use your arrow keys to eat all the dots without letting the ghosts touch you.

- Bio1- Lets you move
- Bio2- Slow down the ghosts
- Bio3- Control the speed of your Ghost Man. Better training equals faster Ghost man.

In this game you move Ghost Man to eat all the foods in the maze. There will be a ghost chasing you and you should get away from it! There are also special power foods scattered throughout the maze and after you've eaten such foods, you will become invincible for a while and be able to eat the ghosts as well. The number of ghosts chasing you will increase as the game progresses.

Gold Fishing 1

Hook the gold pieces to earn the point goal and reach the next level.

- Bio1- Drops your mining hook.
- Bio2- Gold points are doubled (counts the moment you hook).
- Bio3- Control the speed of your hook return.

In this game there are pieces of gold and stone and you need to use the hook to catch them. The hook will swing and shoot out. If the hook hits a piece of gold or stone, you can take back the hook and collect the trophy. Each level has a certain target that must be met. If you cannot gain the target money within the time limit, then you lose the game.

BioPLAY Games List

Protect Mission 3

Use your arrow keys to advance on the field. Protect your medic wagon from all bullets.

- Bio1- Your tank shoots.
- Bio2- Turn on laser beam crosshair.
- Bio3- The speed of your enemy's bullet.

In this game you need to control a tank to protect a medic truck from the attack of enemies. Control the tank using the arrow keys. You must shoot down the enemy tanks and the bullets of the enemies, otherwise the medic truck will be destroyed. Be careful when you fire, because you might destroy the medic truck yourself!

Slingshot Challenge 3

Aim at the can with your mouse to keep it in the air.

- Bio1- Shoot rocks.
- Bio2- Hit the can harder.
- Bio3- Is the falling speed of the can.

In this game you need to use a slingshot to shoot a can and keep it in the air. You lose the game when the can hits the ground. If you want to earn extra bonus, you can shoot the can so that it hits the wall or it hits the ceiling.

Space Invaders 2

Use your right and left arrow keys to dodge the invaders. You must shoot all of them before there is a landing.

- Bio1- Your ship shoots bullets.
- Bio2- Your ship shoots special weapons.
- Bio3- Control the speed of your shots. Better training equals faster shooting.

This is a remake of the classic space invaders game. In this game you control a space ship to destroy a team of space invaders. The invaders will shoot you back in return and will approach closer and closer. There are special enemies, once destroyed they will give you some very nice weapons.

Space Shoot 1

Use your right and left arrow keys to dodge the invaders. You must shoot all of them before there is a landing.

- Bio1- Shoots bullets.
- Bio2- Doubles your bullets.
- Bio3- Control your enemy's ship speed.

This is a simple shooting game. In this game you shoot the enemies and destroy them. Some of the enemies cannot be destroyed and you can only get away from them. The number of enemies will increase over time, making the game more and more difficult.

BioPLAY Games List

The Hare and the Tortoise 1

Guide the tortoise with your mouse to beat the rabbit to eat the flower.

- Bio1- Grows a new flower.
- Bio2- The Hare delays a half second to respond.
- Bio3- Hare Speed.

In this game you will control the tortoise and you will need to move it to the flower before the hare does. At first the hare will be asleep and it will move slower, but when you beat it a couple of times it will wake up faster and move faster, making the game more and more difficult.

Wizard Balls / 2

Your magic rays will destroy the balls. Don't let them hit you.

- Bio1- Shoots a Dart.
- Bio2- POINT BONUS if Bio2 is lit up when the ball is hit.
- Bio3- Controls the speed of your shot. Better training equals a faster shot.

In this game you need to control a wizard to cast magic spells and destroy bouncing balls. You can hit the ball with either the magic star directly or with the tail of the star indirectly, if you can hit the ball directly, you will get extra bonus points. When you hit a ball, it will split into two smaller balls until it can no longer split. Use the arrow keys to move the wizard.
